Turn your pool into an **ADVENTURE** with AquaClimb[®]

For recreation centers, fitness facilities, camps, and private clubs, AquaClimb expands poolside programming with an easy addition that is safe, engaging, and fun. As the market leader, AquaClimb offers more benefits to its customers than any other climbing product:

Modular and Customizable

AquaClimb's height, width, and panel style can all be tailored to fit the size and design of your pool, with options for adding more panels at a later phase as your budget allows.

Challenging, Realistic Climbing

With 3D contoured panels, AquaClimb delivers a realistic rock-climbing experience that engages adolescents through adults to conquer the climb in different ways.

Top Safety Record

With best-in-class safety features to ensure climbers fall away from the wall, AquaClimb also has a proven performance history from 1,000 installations across the globe.

Activates the Deep End

As a safer alternative or enhancement to diving boards, AquaClimb attracts tweens and teens to those under-utilized, deep areas of a pool.

Easy to Install

Because AquaClimb is pre-assembled in the factory, no specialized skills or equipment are required for onsite installation at your facility on any pool gutter configuration.

Minimal Footprint

AquaClimb's small deck-mounted system saves clearance space and doesn't interfere with normal lap swimming. And with no water source required, it is an easy amenity to add.
